

Castle Green Hotel, Kendal, Cumbria – the gateway to the Lakes

We're delighted to partner with the Castle Green Hotel in the provision of teambuilding, meeting and event support. Established in 2001, providing clients with meeting and event solutions is our business. CBA Events is a dynamic full service event management company specialising in teambuilding, bespoke event design, event management, evening events, awards ceremonies and reward events.

Below are just two of the more popular teambuilding events at the hotel, both flexible to suit your objectives, time frame and budget. They're engaging, competitive, fun, challenging and will provide you with some great memories of your visit to the Castle Green Hotel.

GAME ON!

Game On! is a multi-activity event where teams go head to head with one simple goal – to win the most points. Delegates will be split into teams to compete in a series of challenges. The challenge field will be divided into zones; Construction Zone, Cerebral Zone, Puzzle Zone and the Physical Zone. A classic event that works as well for 10 as it does for 70 delegates, exposes hidden talents, encourages working together and guarantees heaps of fun.

iPad TREASURE HUNT

CBA Events' iPad treasure hunts are guaranteed to keep your delegates fully involved right from the word go! Designed to suit your location (Kendal town centre or into the Lakes) and objectives, the content can include material specific to your business and we can make it as challenging or as physical as you like. Teams will need to plan, navigate and use the equipment provided to find their way to certain points where they will face challenges to complete. Challenges on offer may be physical (don't worry, they won't be too physical) cerebral or even just silly!

With decades of combined experience, heaps of ideas, endless energy and a passion for what we do, we design and deliver each event to suit your objectives and budget.

- Daytime teambuilding
- Conference energisers
